TOOL SHED REQUIREMENTS

Maximum size for a tool shed is 10' x 15' (150 sq. ft.)

Maximum height for a tool shed is 15 feet.

Cement rat wall is optional but requested 4" x 24" deep.

Location is in rear yard only using the following guideline:

- At least ten feet (10') from home and neighboring homes
- At least three feet (3') from side lot lines
- At least one foot (1') from rear easement
- At least four feet (4') from garage

Only one (1) garage and one (1) tool shed allowed per lot.

On corner lots, placement must be sixteen feet (16') from side lot line.
